An Important Message about your Insurance Coverage

Protect Your Insurance Benefits

In the past few years the number of different health insurance programs has increased at an amazing rate. Even within one company there may be several programs with varying benefits and requirements. There is no way that we can possibly know or keep up to date with each programs provision.

- . Some programs require a specific facility to be used to be eligible for benefits
- . Some programs require pre-authorization while others do not.
- . Some programs require a signed referral from your primary care physician for any consultations or treatments with a specialist physician.
- . Some programs may require a second opinion.

It must be your responsibility to know and advise us of your program's requirements in advance, each and every time we provide a service. We will do our best to comply with any requirements that your program may have. Please understand that if we provide a service that is outside of your program, you will be responsible for the appropriate fees.

These are not our regulations, they are your insurance company's regulations, and unless you follow them carefully the insurance company may decline all or part of your claim. Your insurance carrier should have provided you with a phone number to be used if you have any questions about your coverage.

I acknowledge receipt of this information.
